

Office of Legislative Counsel

Journal

Thursday - 4 September 1958

Delivered to Mr. William Darden on the staff of the Senate Armed Services Committee the letter signed by the DCI to Senator Russell dated 29 August 1958. Mr. Darden who is the only staff member charged with CIA matters has not been available as he has been on leave since the Director signed the letter until today. Mr. Darden read the letter and felt that Senator Russell would very much appreciate having these matters put in the record.

We again discussed the desirability of the Agency presentation to the CIA Subcommittee and Mr. Darden offered to cooperate in every way possible including a preview of the presentation if this were deemed advisable. He suggested early in February as a possible time.
